

Entrance Requirements

Children must be between the ages of three and four years old. A child must be at least three years old, but cannot turn five years old prior to September 1st.

Concord residents and children of employees of Concord Public Schools/Concord-Carlisle Regional Public Schools have priority placement. However, children from other towns are eligible to apply as well.

Each session services up to twelve students in a multi-aged setting of three and four year old children. Six children are typically developing and are selected through a lottery process. Up to an additional six children are in need of specialized services and are on Individualized Educational Plans (IEPs). Children on IEPs are identified and placed in the program by the Concord Public Schools Special Education TEAM. Children who have been in the program as three year olds have priority to return to the program the following year.
